Our PE Vision

To make high quality PE and sport sustainable to the benefit of all pupils.

At Garway, we believe that Physical Education and sport have a vital role to play in the physical, social, emotional and intellectual development of children. They are important in giving children the knowledge, understanding and tools to make a positive impact on their own health and well-being.

The physical education curriculum at Garway aims to provide for pupils' increasing self-confidence through an ability to manage themselves successfully in a variety of situations. Children will have the opportunity to take part in a wide range of sports and physical activities, carried out in a safe and supportive environment, where effort and hard work (as well as success) is celebrated.

During their time at Garway, children will be able to take part in a wide range of physical activities including: games, dance, gymnastics, swimming, forest schools, cross country and athletics.
